Formation of the  
**FRIENDS OF THE NATIONAL LIBERATION FRONT !!!**

All who would like to be part of a democratically run, action oriented social group which will meet regularly to decide what actions, etc. it will conduct in support of the National Liberation Front of South Vietnam, should come to one of the first formation meetings and voice their opinions. The first few meetings will be held at the Artists Research Group loft at the above address, each Wednesday at 8:00 PM. All those who consider themselves friends of the NLF are invited. All those who have only a very limited time to give or who have asked about meetings, classes, parties, street demonstrations etc. in the past should take advantage of these meetings to let their wishes be known.

While the Artists Research Group is providing the space, there will be no other connection. In addition, Friends of the NLF will be autonomous and it is hoped, have only friendly relations with the other Peace groups.

# U.S. COMMITTEE TO AID THE NATIONAL LIBERATION FRONT OF SOUTH VIETNAM

**YOU**, the American Citizen, have the obligation to try to repair the damage being done to the Vietnamese people by our government.

WE THEREFORE urge you to send a contribution for MEDICAL AID, not to the military puppet regime in Saigon, but directly to the NATIONAL LIBERATION FRONT of S. V. This is the only government that truly represents the people of South Vietnam and can see that your aid gets to those most in need.

MAIL CONTRIBUTIONS by International Bank Draft to the Liberation Red Cross to:

Mr. NGUYEN VAN TRIET

- (Moscow) Mission of the National Liberation Front of South Vietnam  
 Puzhechnaya 5  
 Moscow, U. S. S. R.

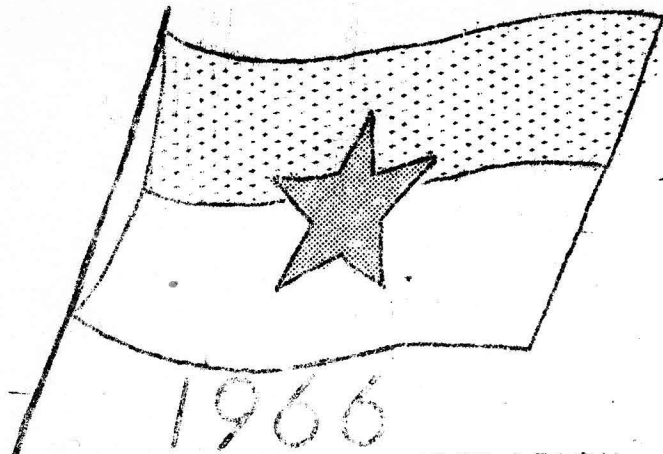

DO NOT SEND MONEY TO THE INTERNATIONAL COMMITTEE OF THE RED CROSS, they are NOT neutral. While our committee, U.S. CANLF S.V., does not accept money for medical aid to the NLF, we will gladly accept contributions to help us with our work. Money for medical aid should pass through as few hands as possible - the Vietnamese need it too badly for it to be delayed or diluted.

It is the purpose of the U. S. Committee to Aid the National Liberation Front of South Vietnam to bring to the people of the U.S. an awareness of the just and moral aims of the Vietnamese people's resistance through the National Liberation Front to efforts by the U. S. Government to "Pacify" their country. To this end we sell and distribute Vietnamese literature and other materials, such as our "Bring Peace to Vietnam, Support the National Liberation Front" button for 25¢. We also have lecturers and street meetings. For more information write or call:

THE WAR FOR INDEPENDENCE

TODAY

THE U.S. IS THE "AGGRESSOR" IN VIETNAM  
THIS IS OUR SHAME!!!

WE, the American Citizens, have the obligation to try to repair the damage being done to the Vietnamese people by our government.

There IS something you can do! You can send a contribution for MEDICAL AID, not to the military puppet regime in Saigon, but directly to the Liberation Red Cross of the National Liberation Front of South Vietnam, directly to those who really need it.

MAIL CONTRIBUTIONS by International Bank Draft to the Liberation Red Cross to:

THE U. S. COMMITTEE TO AID THE NATIONAL LIBERATION FRONT OF SOUTH VIETNAM supports the aims of the National Liberation Front of South Vietnam for "Independence, Democracy, Peace, and Neutrality." We support the right of the people of Vietnam for self-determination -- without the presence of U.S. Troops! We wish to help make the American public aware of the just and moral aims of the Vietnamese people in their resistance to the efforts of the U.S. government to "pacify" their country.

It is the National Liberation Front, not Saigon and the U.S., that represents the aspirations of the people of Vietnam. If you would like to know more about the NLF and the work of our committee, or if you would like to work with us, call; YU2-7162 or write to:

THE FLAG

OF THE

NATIONAL LIBERATION FRONT OF SOUTH VIETNAM

Information:

Width = 2/3 Length      Stretch of Star = 1/3 Length

Meaning: The South Vietnamese People cherish peace (azure blue on the bottom half). But, they are robbed of peace; therefore, they have to struggle to win it back (red on the top half). Taking part in this struggle are: 1. Peasants, 2. Workers, 3. Intelligentsia, 4. Bourgeoisie and the petty bourgeoisie, and 5. the Armed Forces, i.e., all sections of the people (a Star with 5 points). The star is yellow, since, in Vietnamese history, the yellow colour traditionally represents the national spirit.

Display:

Since the U.S. does not recognize the NLF as a government, it may, technically, be true that it is not a foreign flag and, therefore, the display of a U.S. flag may not be necessary. However, we have found it best, to prevent the police from demanding we take down the NLF flag, to always fly a U.S. flag beside it. In order to symbolize the similarity of the NLF and our own "War for Independence," we use the 13 star U.S. flag, in place of the 50 star one.

Carrying:

Be CAREFUL! Prepare for an attempted assault: if you are prepared, it has less chance of happening. You should have signs explaining both what flag it is and why you are carrying it. Let the press know that there is no "Vietcong", but that there is a National Liberation Front and that you carry the NLF flag to bring to the public's attention THE FACT THAT THE NLF REPRESENTS THE VIETNAMESE PEOPLES' STRUGGLE FOR PEACE, INDEPENDENCE, DEMOCRACY AND SELF-DETERMINATION.

THE VOICE OF THE VIETNAMESE MUST BE HEARD IN THE U.S.

For the past year, since our formation on April 17th, 1965, we have maintained our Committee primarily by selling Vietnamese publications. While we have received some contributions, we have not stressed our financial needs, but rather, urged that money be sent directly to the N.L.F. We now want to expand our aid to the N.L.F. by becoming a "clearing house" for information from and to the N.L.F.-S.V.; to give the Vietnamese a voice in the U.S. Information on the importance and nature of our specific projects will be available at the weekly meetings of the "Friends of the N.L.F." (see below). We are asking, therefore, that you pledge yourself for a monthly contribution as indicated below.

NATIONAL LIBERATION FRONT OF SOUTH VIETNAM NEGOTIATION POSITION

From: Article 2, March 22, 1965 Statement of Five Points

"All negotiations with the U.S. imperialists at this moment are utterly useless if they still refuse to withdraw from South Vietnam all their troops and all kinds of war materials and means and those of their satellite countries, if they still do not dismantle all their military bases in South Vietnam National Front for Liberation--the only genuine representative of the fourteen-million South Vietnam people--does not have its decisive vote."

September 25, 1965 Statement

"...if they [the U.S.] do not respect and implement the 1954 Geneva Agreements on Vietnam in the spirit of respecting the independence and sovereignty of the Vietnamese people and leaving the latter alone to settle their own affairs, if they persist in their stubbornness, there can be no contact nor political solution with them."

THE FOUR POINT STAND OF THE D.R.V.

First mentioned indirectly in the March 27, 1965 Central Committee Statement specifically cited in the Government Report by Prime Minister Pham Van Dong at the National Assembly, 3rd Legislature, 2nd Session, Hanoi, April 8-10, 1965. Also cited in Pres. Ho Chi Minh's letter to Linus Pauling, November 17, 1965.

1. Recognition of the basic national rights of the Vietnamese people: Peace, Independence, Sovereignty, Unity and Territorial Integrity.
2. Geneva Agreements on Vietnam must be strictly respected.
3. The affairs of South Vietnam must be settled by the South Vietnamese themselves, in accordance with the program of the National Front for Liberation.
4. The peaceful reunification of Vietnam is to be settled by the Vietnamese people in both zones, without any foreign interference.

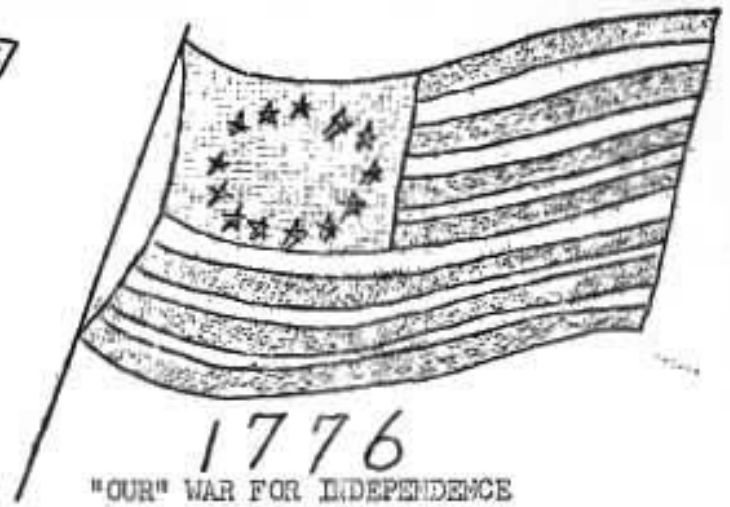

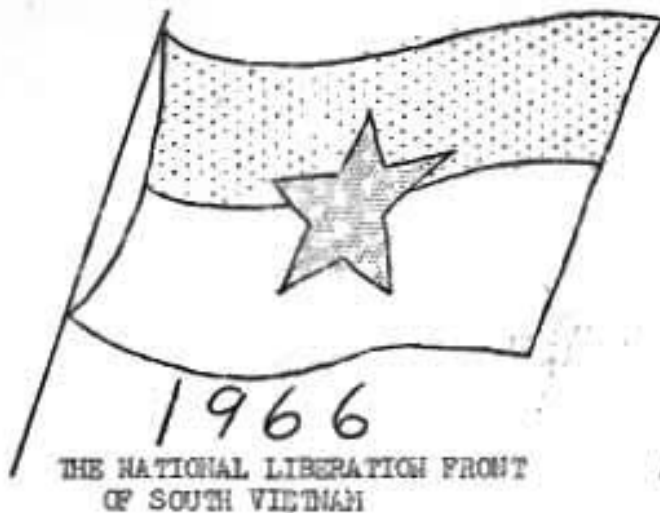

"The U.S. government must solemnly declare its acceptance of this four point stand before a political settlement of the Vietnam problem can be considered."

THE REAL MEANING OF THE NEW ESCALATION

by  
Charlotte Polin

On April 15, 1966 the first raid by mammoth B-52 bombers was carried out against North Viet-Nam. The U.S. press and radio called it the most massive bombing attack since Nagasaki. The B-52's (most advanced nuclear bombers converted to "conventional" use) are much different, more deadly, than any other type aircraft. One B-52 alone--and they are sent out in fleets of twenty or more--is equal in destructiveness to whole air armadas of other jet fighters.

The 750 and 1,000-pound bombs dropped by the B-52's destroy underground shelters more than fifteen feet deep. (For an eye-witness report of a B-52 attack on South Viet-Nam, see Warren Roger's article in the N.Y. "Journal American," September 9, 1965.) North Viet-Nam's bomb shelters are made of earth, and wholly inadequate for withstanding assaults by the giant B-52 bombers! Already, thousands upon thousands of innocent men, women and children have died in terrible agony from the regular bombings of North Viet-Nam!

The B-52's have caused massive civilian casualties during the whole year they have been used in South Viet-Nam, for the Mekong Delta has an average population density of 600 persons per square mile, whereas in the U.S. it is only 60 per square mile! But astonishingly, in North Viet-Nam, the population in the Red River Delta, where most of the people live, is between 1,280 and 4,000 people per square mile! (Source: Len Fox's book Friendly Viet-Nam.) This is the highest population density in the world, so that any bombardment of North Viet-Nam risks the annihilation of masses of civilians. But B-52 bombings of the North, if we allow them to continue, will be the most monstrous acts of genocide! It's impossible to hear the fiendish jet bombers coming; and by the time the poor Viet-Namese realize they are being bombed (it takes less than a minute and a half to drop the lethal load) it is already too late! We must protest against the B-52 bombings of North Viet-Nam now (just as we should have done when first they were used against South Viet-Nam). Because if the U.S. government is allowed to get away with the first few B-52 attacks it has launched against the North without a tidal wave of protest and condemnation on the part of the American people, the U.S. aggressors will be encouraged to think they have a carte blanche to use the B-52's on a big scale to destroy North Viet-Nam!

Recently, in the face of very little protest, the U.S. has more than tripled its bombings of the Democratic Republic of Viet-Nam (North Viet-Nam), and carried out severely intensified bombings of densely-populated areas, power stations, economic establishments and dams, as well as bombings in the very suburbs of Hanoi!

Very shortly, the U.S. plans to bomb the oil storage depots in the Hanoi-Haiphong area, to bring the wheels of industry to a halt! By bombing the main Oil Storage Centers in the Hanoi-Haiphong area, as well as the Thai Nguyen Iron and Steel Complex and all factories in the area, the U.S. will seek to wipe out the fruits of twelve years of incredibly hard work. The U.S. will bomb the big oil depots and industries in the Democratic Republic of Viet-Nam (DRV), if we allow it to happen, in order to wreck the entire economy of the DRV, a poor, long-suffering little nation which lifted itself up from extreme poverty and backwardness to build the most modern economy in Southeast Asia!

Even now, the U.S. has completely leveled the city of Vinh, and many other towns in the North, and is wantonly bombing Nam Dinh, third largest industrial city in the DRV. These genocidal bombings (including last year's bombing of the oil storage depot there) caused heavy loss of life and property. For Nam Dinh has the incredible population density

(2)

of 3,800 people per square mile! We must register the strongest protests against the bombings of open cities in North Viet-Nam! In the name of humanity, we must vociferously demand that the U.S. refrain from carrying out its planned bombings of the Oil Storage Depots, which is the next serious escalation. The blood and suffering of millions of Viet-Nameese will be on our conscience unless we do everything in our power to prevent those bombings, and the proposed bombing of the dikes and dams in the Red River Delta, which keep millions of North Viet-Nameese from drowning and starvation! Our demands that the U.S. rescind its recent extension of the monstrous B-52 attacks on North Viet-Nam-- these protests of ours should be loud enough to rock the Grand Canyon!

At a press conference after his extensive visit through North Viet-Nam where he witnessed the effects of the bombings, Joe Nordmann from Paris, the Secretary-General of the Association of Democratic Lawyers, said: "we are upset by...the crimes of genocide which have been committed here, in the DRV, the destruction of hospitals, schools and irrigation dams with a view to starving the population. We hold that these crimes are condemned by the principles of international law as well as by the conventions signed by the U.S.A. in 1949 on the protection of civilians, in 1925, in Geneva, and in 1899 in the Hague. (italics Nordmann's.)"

To date, more than 30 kindergartens and 100 schools have been bombed to rubble, including one university, 13 teachers training colleges and vocational middle schools, 90 primary and secondary schools and 20 nursery schools, a great number of these educational establishments deliberately and systematically bombed a number of times. (Viet-Nam News Agency Bulletin, Rangoon, Burma, Oct. 14, 1965) Hundreds of children and teachers have died in horrible agony in the destruction of those schools. For instance, on February 9, 1966, the U.S. air force bombed the Huong Phuc Junior High School, killing thirty-three children under fifteen years of age, and wounding 24 others. In the bombings of Viet-Nam North and South, children and the helpless are the first victims.

As the leading editorial published in the "New York Post" said on Wednesday, April 13, 1966:

"Our new, massive bombings of the North are a desperate, degrading, diversionary confession of political bankruptcy."

How much longer are we going to permit a politically and morally bankrupt government to continue such outrageous war crimes? Speak out and act against the present and future escalations now, before it is too late!

POLICY STATEMENT

20 JULY 1966

U. S. COMMITTEE TO AID THE NATIONAL LIBERATION  
FRONT OF SOUTH VIETNAM

The U. S. COMMITTEE TO AID THE NATIONAL LIBERATION FRONT OF SOUTH VIETNAM (USCANLF-SV) supports the aims of the National Liberation Front of South Vietnam (NLF) for "Independence, Democracy, Peace, and Neutrality." We support the right of the people of Vietnam for self-determination - without the presence of U. S. troops - and we agree with the important NLF statement of March 22, 1965:

1. The United States is the aggressor and has violated the Geneva Agreements.
2. The NLF is determined to achieve an independent, democratic, peaceful, and neutral South Vietnam, with a view to national reunification.
3. The NLF will liberate South Vietnam and defend North Vietnam.
4. The NLF is ready to receive all assistance, from its friends in the five continents, including weapons.
5. The whole United people will defeat the U. S. aggressors and the Vietnamese traitors.

The USCANLF-SV supports the NLF's position on negotiations as contained in Article 2 of their March 22 statement (above) and as further explained in their September 25, 1965 statement - that in order for negotiations to begin, the U. S. must agree to the following principles:

1. Withdrawal of all U. S. troops,
2. A return to the 1954 Geneva Agreements,
3. Respect for the rights of the NLF as "the only genuine representative of the 14 million South Vietnamese people," which must have its decisive voice in the formation of any new government in South Vietnam.

The USCANLF-SV calls on the United States for an immediate ceasefire and an end to the bombings of both the Democratic Republic of Vietnam (DRV) and South Vietnam, and the immediate withdrawal of all U. S. (and foreign support) troops from Vietnam.

(CONT.)

U. S. Committee To Aid The National Liberation Front of South Vietnam  
103 Macdougall Street, Rm 5, New York, N. Y. 10012 (212) YU 2-7162

It is the purpose of the USCANLF-SV to bring to the U. S. public an awareness of the essentially just and moral aims of the Vietnamese people in their resistance to efforts by the U. S. Government to "pacify" their country. In doing this, we hope to arouse public indignation at the unjust nature of the U.S. position and actions, and thus bring about a call for peace - a peace which will allow the Vietnamese to determine their own affairs.

The resistance of the people of South Vietnam is an indigenous movement of politically and religiously diverse groups (and individuals) which was organized in response to years of oppression and illegal action by the U. S. and its various "puppet" regimes in Saigon. We will continue to use various educational means, in order to counteract the U. S. Government's propaganda - which falsely teaches the public that the "enemy" is an outside, "Communist" aggressor. These means are: to make available to the U. S. public literature from the NLF and the DRV; to disseminate analyses and reprints of the political structure and nature of the NLF and the DRV; to provide speakers on the history of the NLF and DRV for formal discussions, street meetings, teach-ins, etc.; to work with all groups for recognition of the legitimacy of the NLF in its struggle for liberation and victory; and to urge all people to send medical aid and money for medical aid to the NLF through its missions.

The U. S. Government is trying to stifle, at tremendous cost and risk, a liberation struggle which is setting the example for all oppressed peoples. Those in this country who are for "Peace," -- but refuse to concern themselves with; who are the people "on the other side", what is motivating them to fight, and why the U. S. is really involved in Vietnam, -- are by default supporting the policies and efforts of the U. S. Government to stop the liberation struggles of peoples everywhere.

THEREFORE: It is not enough to be for "Peace" -- a peace which would keep the Vietnamese from completing their struggle for liberation. Rather, if this war is to be stopped, if further "escalation" is to be prevented, if the rights of the Vietnamese, Americans, and all peoples are to be protected, it is the position of the USCANLF-SV that the PEOPLE OF THE UNITED STATES MUST SUPPORT THE NATIONAL LIBERATION FRONT OF SOUTH VIETNAM AND ITS VICTORY.

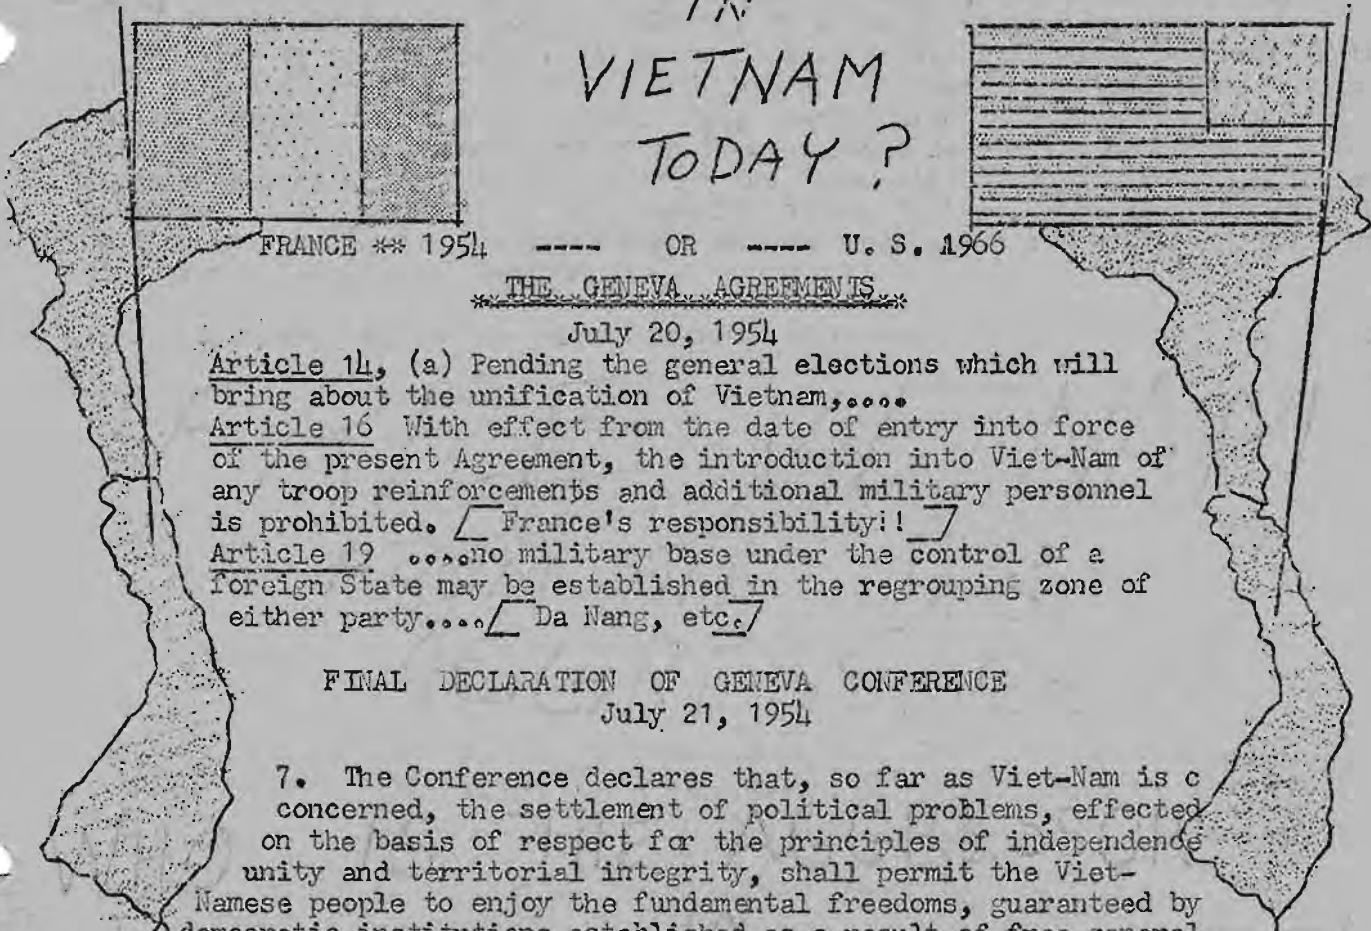

The U. S. Committee to Aid the National Liberation Front of South Vietnam is an Ad Hoc Organization formed in April 1965. Our mailing address is: Room 5, 103 MacDougal Street, New York City, New York 10012. For more information telephone: (212) YU. 2-7162.

CONTRIBUTIONS: Our effectiveness in enabling the National Liberation Front of South Vietnam to have a voice in the U. S. is dependent on your contributions. All monies received will be used carefully and gratefully. Thank you.

"CU CHI: BARBARITIES CANNOT SAVE U.S. FROM DEFEAT; At the end of their tether the U.S. aggressors in South Vietnam have stepped at no barbarities in their ferocious attacks on the people. A sample of how the U.S. is "defending the South Vietnamese people's freedom", can be found in Cu Chi district, Gia Dinh province. According to Liberation Press Agency, to prepare for their so called "dry season offensive", U.S. B.52 strategic jet planes within the last two months of 1965 made 162 sorties and radded 1,800 tons of bombs on four villages of about 6 square kilometres in the northern part of the district, that is an average of 300 tons of bomb on each square kilometre. In the same period, aircraft of other types completely razed to the ground three hamlets in the area through intensive bombing at the rate of 10 or 20 raids against each hamlet daily.... (This is an area just outside of Saigon, VT) On the bomb-saturated soil of Cu Chi, the population continued to grow their crops and build their forces, standing ready at all times to defend every inch of their native land and make the enemy pay dearly for its crimes."

About seven paragraphs of the accounts of the bombing of Cu Chi were left out in the above, but it is enough to give you an idea of what it is like in Vietnam today. LIBERATION FRONT OF SOUTH VIETNAM

PRINTED IN TRAN PHU, SOUTH VIETNAM  
JANUARY 10, 1965

TRANSLATED FROM THE FRENCH BY THE U.S. COMMITTEE TO AID THE NATIONAL  
LIBERATION FRONT OF SOUTH VIETNAM

DEAR READERS:

THE AMERICAN IMPERIALIST AGGRESSION, AS WELL AS THE CRIMES PERPE-  
TUATED BY THEM, IN SOUTH VIETNAM, REVOLT ALL CONSCIENCES.

THE SOUTH VIETNAMESE PATRIOTS, COMING FROM ALL POLITICAL HORIZONS,  
RELIGIOUS FAITHS AND OF THE MOST DIVERSE ETHNIC GROUPS, ARE GATHERED  
UNDER THE BANNER OF THE NATIONAL LIBERATION FRONT OF SOUTH VIETNAM TO  
FORM A FIRM BLOCK BEFORE THE ENEMY OF THEIR COUNTRY. THE EXPERIENCES  
ACCUMULATED IN THE COURSE OF A HUNDRED YEAR STRUGGLE AGAINST COLONIAL-  
ISM ARE OF GREAT ASSISTANCE TO THEIR INFINITE WILL TO FIGHT AND TO WIN.  
THEIR UNCEASING VIGILANCE, FROM DAWN TO DUSK, THEIR POLITICAL POWER AND  
THEIR MILITARY STRENGTH, INCREASE DURING THE COURSE OF COMBATS; THE  
FINAL VICTORY WILL NOT ESCAPE THEM.

THIS SECOND RESISTANCE OF OUR PEOPLE CHARACTERIZES ITSELF BY THE  
ABUNDANCE AND THE SOLIDARITY OF THE NATIONAL UNION FRONT, BY THE MATU-  
RITY OF THE LIBERATION MOVEMENT AT ALL ITS ECHELONS.

WE ARE PLEASED TO PRESENT TODAY, TO OUR FRIENDS AS WELL AS THE  
WORLD, THE PEOPLE REPRESENTING MOST FULLY OUR MOVEMENT. SPECIFIC CON-  
DITIONS OF OUR STRUGGLE IMPOSE CERTAIN RESTRICTIONS, SO THAT, FOR THE  
MOMENT, WE ARE UNABLE TO INCLUDE IN THIS PUBLICATION, BIOGRAPHIES OF  
SOME OTHER LEADERS AND DELEGATES, ESPECIALLY THOSE WHO ARE ACTIVE IN  
AREAS STILL CONTROLLED BY THE ENEMY.

August 1966

Dear Friend,

One of the best ways to understand the Vietnamese is to read their own writings. We have for sale many volumes of political writings, histories, short stories, studies and periodicals in English, from both HANOI and the NATIONAL LIBERATION FRONT OF SOUTH VIETNAM. The supply is quite limited so order quickly and give several alternates.

For example we have such works as:

Escalation War and Songs About Peace Hanoi: Foreign Languages Publishing House, (FLPH) 1965. 79 pp. The Democratic Republic of Vietnam's (DRV) views on negotiations and ending the war; analysis of Lyndon Johnson's Baltimore speech and how it attempts to deceive the world regarding negotiations; the DRV's reaction to the U. S. aerial bombardment. Number 33, Price .50

The South Vietnam People Will Win by General Vo Nguyen Giap, Hanoi: FLPH, 1965. 130 pp. Analyses both the strong and weak points of the South Vietnam Liberation Army and of its adversaries, and a delineation of the NLF's program and political merits. There is also a list and brief description of the "Principal Events in South Vietnam During the Past Ten Years" (1954 - 1964) Number 99, Price .75

Coup After Coup in Saigon by Hai Thu and Binh Thanh. Hanoi: FLPH, 1964. 98 pp. 18 photos. Account of how Diem was overthrown, and fallacy of U. S. position. Contains accounts of atrocities suffered by the Vietnamese and of the heroism of the Liberation forces. Number 19, Price .75

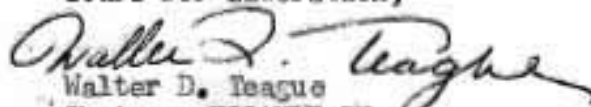

Focus on Indo-China by Malcolm Salmon. Hanoi: FLPH, 1961. 280 pp. An Australian correspondent stationed for years in Hanoi writes what is perhaps the best history in English of the Indo-Chinese peoples. Presents a wealth of material never before revealed about the negotiations with the French before the first Resistance War. Number 40, Price 2.00

The Fire Blazes by 13 South Vietnamese authors. Hanoi: FLPH, 1965. 181 pp. Twelve short-stories from South Vietnam written at a time when the liberated area was not yet as large as it is today and the U. S. had not yet introduced the massive numbers of American and puppet troops into Vietnam. Written by men involved in the conflict, this book is capable of introducing you to the living reality of South Vietnam today. Number 38a, Price 1.00

We have a bibliography that reviews more than 70 of these works for 25¢ each.

In addition to the items for sale in the Price List, we now can offer subscriptions to seven Vietnamese periodicals. (SEE OVER)

Yours for Liberation,

  
Walter D. Teague

# a gathering of MURDERERS

TONIGHT, the ruling class of the United States sits in the opulent luxury of the 47 MILLION dollar Metropolitan Opera House!!!

OBLIVIOUS to the cries of the dying Vietnamese People being killed by the sons of the poor and American bombers.

THE SMELL of BURNED FLESH in Vietnam is matched only by the ROTTEN STINK of these murderers here tonight enjoying the benefits of their War Profits.

ONLY TODAY while the final touches were being made for this extravaganza, TWO WHOLE VILLAGES WERE BURNED TO THE GROUND!!!

## THE PEOPLE OF THE WORLD ACCUSE YOU!

IT IS NOT ENOUGH TO BE FOR "PEACE" -- a peace which would keep the Vietnamese from completing their struggle for liberation. Rather, if this war is to be stopped, if further "escalation" is to be prevented, if the rights of the Vietnamese, of the Americans, and all peoples are to be protected, it is the position of the U. S. Committee to Aid the National Liberation Front of South Vietnam that THE PEOPLE OF THE UNITED STATES MUST SUPPORT THE NATIONAL LIBERATION FRONT OF SOUTH VIETNAM AND ITS VICTORY.

IT IS THE PURPOSE of the USCANLF-SV to bring to the U.S. public an awareness of the essentially just and moral aims of the Vietnamese people in their resistance to efforts by the U.S. Government to "pacify" their country. In doing this, we hope to arouse public indignation at the unjust nature of the U.S. position and actions, and thus bring about a call for peace - a peace which will allow the Vietnamese to determine their own affairs.

## NEW YORK CITY COPS HARRASS ANTI-WAR MOVEMENT

This table has been set up in solidarity with Walter Teague of the U.S. Committee to Aid the National Liberation Front of South Viet Nam.

Teague was arrested on Monday afternoon on 8th Street and Sixth Avenue. Police of the 6th Precinct ordered him to cease distributing Vietnamese literature. When he refused he was arrested on charges of disorderly conduct.

All citizens have the right under the law to distribute and sell political and religious literature on the streets of New York City. They don't need peddlers licenses or public meeting permits.

Yesterday, Sharon Krebs was issued summonses by police of the 9th Precinct here at St. Marks Place and Second Avenue on charges of peddling without a license and obstructing the sidewalk. Egged on by the cops, local hoods then assaulted her co-workers. These attacks and summonses are, like Teague's arrest, illegal and designed to terrorize the growing opposition to the Government's war in Vietnam.

As long as these arrests continue, as long as the police continue to issue illegal summonses for non-existent crimes, we shall, as individuals and as members of a variety of groups, protest this kind of harrassment and double our efforts to talk to our fellow Americans, explain the other side of the war in Vietnam, and distribute Vietnamese literature. We encourage others to join us.

September 9, 1966

Ad Hoc Committee in Solidarity with Walter Teague including members of: American Liberation League, New York Anti-Draft Union, the U.S. Committee to Aid the National Liberation Front of South Viet Nam, Veterans and Reservists against the War in Vietnam.

A Film From The Democratic Republic of Vietnam

"NGUYEN VAN TROI WILL LIVE FOREVER!"

16 mm sound, approximately 23 minutes

Nguyen Van Troi, a young South Vietnamese electrician, is a national hero of Vietnam. He was executed in 1964 for his complicity in an unsuccessful attempt to mine a bridge over which Defense Secretary McNamara had planned to travel. During the months of imprisonment preceding his execution Van Troi became a symbol of national resistance throughout the Third World. In Venezuela, National Liberation Forces captured a U.S. Air Force attache -- whom they released after securing American assurances that Van Troi's life would be spared.

The film juxtaposes Nguyen Van Troi's work, his imprisonment, and death against the efforts of the Vietnamese people to develop a peaceful technology, to organize resistance to American intervention and to destroy those whom they regard as murderers of their wives and children.

The film was completed shortly after Nguyen Van Troi's execution in 1964.

RENTAL: \$20. for each day of showing. Order at least two weeks in advance of showing date. A \$75. deposit money order in advance is required. The balance will be returned upon receipt of the film. Give exact address including names of organization and responsible individual, zip code and Tel. No. when ordering. (THIS FILM IS TO BE USED FOR POLITICAN AND NON-COMMERCIAL PURPOSES ONLY).

Dear Editor,

Do your readers have any knowledge of whom they may have to fight in Vietnam? Who and what are these people -- what motivates them?

Enclosed you will find materials describing currently available literature from Vietnam. We wish to present, through their own writings, the hopes and aspirations of the Vietnamese, the history of their country as they see it and the reasons they choose to withstand the might of the strongest power on earth. Our committee is at present the single main source of these materials in this country.

We are all involved in a costly and deadly war in Asia. To understand the true nature of our involvement we must carefully examine the underlying moral and legal questions. "Freedom of the Press," which, it was recently admitted by our Secretary of State, the government claims a right to control, must also serve to inform the public of the "Other Side"-- the Vietnamese people themselves.

More than ever, the people of our country need complete and balanced information on Vietnam. If you will mention our service in your publication, you can help provide your fellow students with access to both sides of the Vietnamese question. Help ensure that Americans not only feel the necessity but also have the ability to make an informed decision concerning their government's actions.

PLEASE RUN AN ARTICLE EXPLAINING OUR SERVICES.

PLEASE PRINT THE NAME, ADDRESS AND PURPOSE OF OUR COMMITTEE.

PLEASE PASS ON OUR MATERIALS TO YOUR COLLEGE LIBRARY AND TO YOUR

DEPARTMENT OF FOREIGN STUDIES.

Yours truly,

Walter D. League, III  
Chairman

P. S. If you can send us copies of whatever you publish about us, we will be glad to reciprocate with a free volume of Vietnamese Literature.

Cám ơn Ông (Thank you)

October 27, 1966

Dear Friend:

We have two new films available, both just received from Vietnam; one was produced by the National Liberation Front, the other by the Democratic Republic of Vietnam. The films are well-made, and we feel they bring to light some significant aspects of both the U.S. involvement in Vietnam and the resistance of the Vietnamese to it. Initial viewings here in New York had to be extended several weeks due to unexpectedly large response.

Our purpose is to effect the widest possible distribution of these films, as quickly as possible. We are enclosing some descriptive material. Can you include it in your next mailing? (If so, let us know and we'll send you the necessary quantity of leaflets). Or can you mention the films in your next newsletter?

The particulars are as follows:

RENTAL: \$20 per film per each day of showing.  
\$30 for both films per each day of showing.

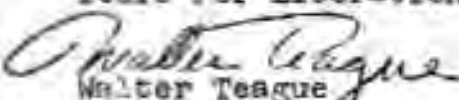

PURCHASE: \$75 each; \$125 for both.

(The rental deposit, waived in certain circumstances, is \$75 each film, \$125 for both.)

We think it would be most effective for groups to purchase the films and show them to as many people as possible within their own areas. They can thus bring revenue to the groups involved and serve to both awaken and stimulate American concern about the war.

Please call us for any additional details.

Yours For Liberation,

  
Walter Teague  
Chairman

# ALL RESPECTABLE PEOPLE ARE AGAINST WAR

OUR CONGRESSMEN ..... ARE AGAINST THIS WAR !  
OUR MINISTERS ..... ARE AGAINST THIS WAR !  
OUR PRESIDENT JOHNSON ..... HE IS AGAINST THIS WAR !  
OUR GENERAL WESTMORELAND ..... HE IS AGAINST THIS WAR !  
OUR FRIENDLY PREMIER KY, HE HATES WAR "MORE THAN YOU HATE WAR" !!!!  
YOU ..... YOU ARE AGAINST THIS WAR !  
WHY, EVEN SANE ..... IS AGAINST THIS WAR !

BUT UNFORTUNATELY, NOT EVERYBODY IS RESPECTABLE.

The "VIET CONG" are NOT RESPECTABLE! They are NOT against this war. THEY refuse to "lay down their arms and fade away." They do not respect "Their" Premier Ky and their/his government, just as they didn't respect Kahn, Minh and Diem before Ky. They do not respect our Gen. Westmoreland and all the other Respectable Generals - American, Japanese or French - before him. They do not respect the Ministers who pray for Peace and "pass the ammunition."

These "little, yellow dwarfs with knives in their pockets" do not respect our President. They do not respect our wise congressmen who democratically give away our rights and our money - for defense (aggression). They do not respect a person INSANE enough to ask them to negotiate with their executioners -- but, they are respectable enough not to say so -- maybe the INSANE will wake up?

They can not respect a call for "PEACE WITHOUT LIBERATION," remember Thomas Paine? They can not respect our government's "good intentions." THEREFORE, TONIGHT, THEY WILL HAVE A HARD TIME RESPECTING YOU! UNLESS...

UNLESS, you can stop respecting your President, your government and all those others who demand an end to this war through "PIECING" of Vietnam. This is A WAR OF LIBERATION, but it is not 1776, this time we are on the wrong side and the Communists, the Buddhists, the workers and the peasants, and even many of the Catholics in Vietnam are on the right-side. And WE are the RESPECTABLES?

" THE WAR CRIMES TRIBUNAL WOULD NO MORE THINK OF CONSIDERING AS CRIMES THE VIETNAMESE RESISTANCE TO AMERICAN AGGRESSION THAN DID THE NUREMBERG TRIBUNAL TREAT THE RISING OF THE WARSAW GHETTO, THE STRUGGLE FOR SURVIVAL OF THE PARTISANS OF YUGOSLAVIA, THE RESISTANCE OF NORWAY, THE UNDERGROUND IN DENMARK AND THE MAQUIS IN FRANCE AS WORTHY OF CONDEMNATION. IT WAS THE GESTAPO WHO WERE CONDEMNED AND NOT THEIR VICTIMS...."

A Film From The Democratic Republic of Vietnam

"NGUYEN VAN TROI WILL LIVE FOREVER!"

16 mm sound, approximately 23 minutes

Nguyen Van Troi, a young South Vietnamese electrician, is a national hero of Vietnam. He was executed in 1964 for his complicity in an unsuccessful attempt to mine a bridge over which Defense Secretary McNamara had planned to travel. During the months of imprisonment preceding his execution Van Troi became a symbol of national resistance throughout the Third World. In Venezuela, National Liberation Forces captured a U.S. Air Force attache -- whom they released after securing American assurances that Van Troi's life would be spared.

The film juxtaposes Nguyen Van Troi's work, his imprisonment, and death against the efforts of the Vietnamese people to develop a peaceful technology, to organize resistance to American intervention and to destroy those whom they regard as murderers of their wives and children.

The film was completed shortly after Nguyen Van Troi's execution in 1964.

- Picture of the South

+ Nguyen Van Troi was born in Dien-Ban district, Quang Nam province in the very year of the uprising of the South. Postical, rich and heroic South Viet Nam is like a gentle mother who gave him milk and nourished in himself ardent love for his country.

- Hands beating a drum

+ Freedom! Freedom! Never did Nguyen Van Troi forget the lively days of the August revolution, the finest memory of his infant years.

- Picture of peaceful South Viet Nam

+ One having enjoyed freedom.

- Picture of burning South Viet Nam

+ Never could he submit to a slave's life.

- Crazy dancing

+ Nobody could sit idly by and watch the enemy dancing on the graves of our compatriots!

- Two young boys crossing their hearts

+ No! This won't help South Viet Nam!

- Photo of brother Troi, army workshop

+ Brother Troi knew that there was still a South Viet Nam where justice prevailed, a fighting South Viet Nam and a winning South Viet Nam, and he vowed to sacrifice his whole life for that other South Viet Nam.

- McNamara getting out of his plane

+ Blood thirsty McNamara, US Defense Minister comes to Saigon. What do the US killers want? History will record in blood all their huge crimes. Where the shadows of the US imperialists linger, there the people must suffer and die in misery. The US imperialists are the enemy of all mankind.

- McNamara on the plane gangway

+ What does this US imperialist want in South Viet Nam? He and his gang have committed so many crimes there. We have no alternative but to kill all the US aggressors who come to destroy our villages and hamlets.

- McNamara speaking in the airfield

+ This is the horrible face of US imperialist No.1. Mankind is angrily demanding the extermination of all US imperialists to avenge the innocent people who have been massacred.

- Alert. Confusion.

+ Brother Troi volunteered to set a mine on the route McNamara's car would take. He hoped to kill him but he failed. And he fell into the enemy's hands.

- Brother Troi in Chi Hoa prison

+ Brother Troi, what are you thinking about?

+ "My dear Uncle Ho, your picture has given me strength in the worst minutes of my life ... I know that the day of victory will come before long. And I've already seen victory in one half of our Fatherland and I've witnessed the humiliating withdrawal by the French enemy and so many puppets overthrown. I know that the day of victory is drawing near".

- Brother Troi in Chi Hoa gaol

+ Quite right! Our dear brother Troi understands the progress of history very well and has a firm belief in the bright future of the Fatherland ...

- General Taylor and puppet President Nguyen Khanh

+ The inhuman US-Khanh clique wanted to weaken the will of our patriotic people and cause terror among them by shedding brother Troi's blood.

- Brother Troi walking out from the jail

+ Now we can see the fiercest fight by electrician Nguyen Van Troi against the US aggressors.

Inhuman US-puppet clique, just look at him! After months being kept in gaol and tortured, to-day the very ordinary worker Nguyen Van Troi represents the Vietnamese nation, mankind and history to indict you, his murderers!

Brother Troi, please, stop for a moment so that we can see you a little longer at this historic minute! Killers stop!

The heroic worker of the South wants to look for the last time at his dear Fatherland.

It is now that his unique quality is seen! He has sacrificed his life for the ideal of Communism and dies as a communist should. Even the last nine minutes of his precious life, he is devoting to attacking the enemy.

Newsmen who have a chance to witness this real hero, at the moment of his dying, write down the truth! Write!

- A firm voice

+ "I've committed no crime towards the people. I'm not a traitor to the people! I fight against the US-puppet government! Remember my words! The US imperialists have come here and caused so many deaths! Down with the US aggressors! Down with the traitorous Nguyen Khanh clique!

Long live President Ho Chi Minh!  
Long live President Ho Chi Minh!  
Long live President Ho Chi Minh!  
Long live Viet Nam!

- Mine exploding

+ Dear brother Troi, your mine has exploded! Millions of your friends are fighting everywhere.

As you fall, we spring up.

What you've had not time to do, we here will finish.

- Photo of brother Troi

+ Dear brother Troi, your shout has echoed as far as Bien Hoa!

The US Khanh clique which has killed you will have to pay ten thousand times for their crime.

- Taylor in the Bien Hoa air-field

+ Can you hear, Taylor? The bell is tolling the hour of your death and that of your clique!

- Bamboo trap

+ US imperialists! As you have caused blood to flow, you'll have to pay with blood. You cannot cause terror here! 14 million South Vietnamese people are waiting to trap you!

- Demonstrations in South Viet Nam

+ Flames of hatred are blazing all over South Viet Nam.

R E E L T W O

- Demonstrations in North Viet Nam

+ Flames of hatred are also blazing in the North,

- Tank

+ The US-Khanh clique cannot kill Nguyen Van Troi. Millions of other Nguyen Van Troi are still alive!

Firmly grasp the rifle and take a good aim at the enemy, use your hatred to good effect!

- Mine

+ Nguyen Van Troi's mine has exploded to bring nearer our reunification.

- Transformer

+ Electrician Nguyen Van Troi dreamt of bringing light to the labourers' living quarters and electricity to serve the countryside. To-day, that dream is being realized in the North. And to-morrow, after defeating the enemy, it will also be realized in the South.

- Photo of brother Troi hung up on the blast furnace

- + To-day, brother Troi has come to the high top of the blast furnace, Brother Troi you've fulfilled your life work! Now, you may have a good rest.
- + No, even at this minute, you are still giving strength to the men who are working with double efforts to produce a batch of cast iron before schedule "For the sake of South Viet Nam - for our own flesh and blood".

- Reaping rice

- + Be assured brother Troi, our new coop-member! The part of the rice harvest you've promised to reap will be done by us, labour youth members.

- Sticking the photo on a wall

- + Sonny, if your mother is still alive, she must be very proud!

- Hand feeling a newspaper

- + Don't be in a hurry, dear blind friend! In just a few days, you'll be able to see again all that you want to. For the moment, I can only tell you that ... brother Troi is very young, full of love of life and courage .. he is just like any ordinary young man of Ho Chi Minh era ...

- Papers with pieces of news on brother Troi

- + The life story of the heroic young vietnamese electrician has moved the hearts of our friends round the world.

- Waving flowers in the international conference

- + Brother Troi is not only a worthy son of our Vietnamese nation but he's also a worthy son of all the oppressed peoples who are fighting against the US aggressive imperialists and are defending peace...

- Mr. Thanh watching a picture painted in blood

- + From the bottom of our hearts, we offer this painting painted in blood to the South Vietnamese people - our blood brothers - as an expression of our love and concern for the brass citadel of our glorious Fatherland.

- Nguyen Van Troi garden of roses

+ "From your blood, spring scented flowers,  
And your spirit like a flower perfumes tens of  
thousands of our lives!"

## THE REAL MEANING OF THE NEW ESCALATION

by

Charlotte Polin

On April 15, 1966 the first raid by mammoth B-52 bombers was carried out against North Viet-Nam. The U.S. press and radio called it the most massive bombing attack since Nagasaki. The B-52's (most advanced nuclear bombers converted to "conventional" use) are much different, more deadly, than any other type aircraft. One B-52 alone--and they are sent out in fleets of twenty or more--is equal in destructiveness to whole air armadas of other jet fighters.

The 750 and 1,000-pound bombs dropped by the B-52's destroy underground shelters more than fifteen feet deep. (For an eye-witness report of a B-52 attack on South Viet-Nam, see Warren Roger's article in the N.Y. "Journal American," September 9, 1965.) North Viet-Nam's bomb shelters are made of earth, and wholly inadequate for withstanding assaults by the giant B-52 bombers! Already, thousands upon thousands of innocent men, women and children have died in terrible agony from the regular bombings of North Viet-Nam!

The B-52's have caused massive civilian casualties during the whole year they have been used in South Viet-Nam, for the Mekong Delta has an average population density of 600 persons per square mile, whereas in the U.S. it is only 60 per square mile! But astonishingly, in North Viet-Nam, the population in the Red River Delta, where most of the people live, is between 1,280 and 4,00 people per square mile! (Source: Len Fox's book Friendly Viet-Nam.) This is the highest population density in the world, so that any bombardment of North Viet-Nam risks the annihilation of masses of civilians. But B-52 bombings of the North, if we allow them to continue, will be the most monstrous acts of genocide! It's impossible to hear the fiendish jet bombers coming; and by the time the poor Viet-Nameese realize they are being bombed (it takes less than a minute and a half to drop the lethal load) it is already too late! We must protest against the B-52 bombings of North Viet-Nam now (just as we should have done when first they were used against South Viet-Nam). Because if the U.S. government is allowed to get away with the first few B-52 attacks it has launched against the North without a tidal wave of protest and condemnation on the part of the American people, the U.S. aggressors will be encouraged to think they have a carte blanche to use the B-52's on a big scale to destroy North Viet-Nam!

Recently, in the face of very little protest, the U.S. has more than tripled its bombings of the Democratic Republic of Viet-Nam (North Viet-Nam), and carried out severely intensified bombings of densely-populated areas, power stations, economic establishments and dams, as well as bombings in the very suburbs of Hanoi!

Very shortly, the U.S. plans to bomb the oil storage depots in the Hanoi-Haiphong area, to bring the wheels of industry to a halt! By bombing the main Oil Storage Centers in the Hanoi-Haiphong area, as well as the Thai Nguyen Iron and Steel Complex and all factories in the area, the U.S. will seek to wipe out the fruits of twelve years of incredibly hard work. The U.S. will bomb the big oil depots and industries in the Democratic Republic of Viet-Nam (DRV), if we allow it to happen, in order to wreck the entire economy of the DRV, a poor, long-suffering little nation which lifted itself up from extreme poverty and backwardness to build the most modern economy in Southeast Asia!

Even now, the U.S. has completely leveled the city of Vinh, and many other towns in the North, and is wantonly bombing Nam Dinh, third largest industrial city in the DRV. These genocidal bombings (including last year's bombing of the oil storage depot there) caused heavy loss of life and property. For Nam Dinh has the incredible population density

(2)

of 3,800 people per square mile! We must register the strongest protests against the bombings of open cities in North Viet-Nam! In the name of humanity, we must vociferously demand that the U.S. refrain from carrying out its planned bombings of the Oil Storage Depots, which is the next serious escalation. The blood and suffering of millions of Viet-Nameese will be on our conscience unless we do everything in our power to prevent those bombings, and the proposed bombing of the dikes and dams in the Red River Delta, which keep millions of North Viet-Nameese from drowning and starvation! Our demands that the U.S. rescind its recent extension of the monstrous B-52 attacks on North Viet-Nam-- these protests of ours should be loud enough to rock the Grand Canyon!

At a press conference after his extensive visit through North Viet-Nam where he witnessed the effects of the bombings, Joe Nordmann from Paris, the Secretary-General of the Association of Democratic Lawyers, said: "we are upset by...the crimes of genocide which have been committed here, in the DRV, the destruction of hospitals, schools and irrigation dams with a view to starving the population. We hold that these crimes are condemned by the principles of international law as well as by the conventions signed by the U.S.A. in 1949 on the protection of civilians, in 1925, in Geneva, and in 1899 in the Hague. (*italics Nordmann's.*)

To date, more than 30 kindergartens and 100 schools have been bombed to rubble, including one university, 13 teachers training colleges and vocational middle schools, 90 primary and secondary schools and 20 nursery schools, a great number of these educational establishments deliberately and systematically bombed a number of times. (Viet-Nam News Agency Bulletin, Rangoon, Burma, Oct. 14, 1965) Hundreds of children and teachers have died in horrible agony in the destruction of those schools. For instance, on February 9, 1966, the U.S. air force bombed the Huong Phuc Junior High School, killing thirty-three children under fifteen years of age, and wounding 24 others. In the bombings of Viet-Nam North and South, children and the helpless are the first victims.

As the leading editorial published in the "New York Post" said on Wednesday, April 13, 1966:

"Our new, massive bombings of the North are a desperate, degrading, diversionary confession of political bankruptcy."

How much longer are we going to permit a politically and morally bankrupt government to continue such outrageous war crimes? Speak out and act against the present and future escalations now, before it is too late!
